TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Londonderry, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall, in said Londonderry, on Tuesday, the ninth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same for the repairs of roads and bridges, for Memorial Day, and for any other article embraced in this warrant.
3. To see what sum of money the town will vote to raise for the suppression of the gypsy and brown-tail moths.
4. To see what sum of money the town will vote to raise for state highways.
5. To see if the town will vote to accept in trust \$100 from Alma E. Adams, the interest on same to be expended on the lots of John P. Whidden and Charles Whidden.
6. To see what action the town will take in relation to paying W. E. Woodbury for interment of bodies in the future.
7. To act on any other business that may legally come before this meeting and appropriate money for the same.

Given under our hands and seal this twentieth day of

February, in the year of our Lord nineteen hundred and fifteen.

JOHN E. RAY,
EDDIE H. DAVENPORT,
Selectmen of Londonderry.

A true copy of warrant. Attest:

JOHN E. RAY,
EDDIE H. DAVENPORT,
Selectmen of Londonderry.

REPORT OF BOARD OF HEALTH.

During 1914 our work has been mainly of a routine character. There was no epidemic of contagious diseases. We have record of only one case of diphtheria and one of measles.

We wish to remind the public of the law regarding vaccination of children before attending school, and trust the law will be observed without further notice.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the School District in the Town of Londonderry, qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said district, on the thirteenth day of March, 1915, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
7. To see how much money the district will raise and appropriate for the support of schools.
8. To see how much money the district will vote to raise and appropriate for the repair of school buildings.
9. To transact any other business that may legally come before said meeting, and to raise and appropriate money for the same.

Given under our hands at said Londonderry, this twenty-sixth day of February, 1915.

HATTIE T. COLBURN,
CORA B. GOODWIN,
NORMAN F. WATTS,

BOARD OF EDUCATION.

To the Board of Education:

I herewith submit my third annual report as superintendent of schools.

The schools continued from the time of the last annual report to the close of the year in June with but little changes. Fifteen diplomas were given to graduates of the eighth grade.

When the schools reopened in September three new teachers, Miss Emma L. Cutting at No. 1, Miss Fannie L. Robie at No. 6, and Mrs. Alice A. Hoyt at No. 7, succeeded Miss Head, Miss Cook and Mrs. Wiggin respectively. At the close of the fall term, Miss Lena at No. 3, and Miss McMaster at No. 5, resigned. Miss Ruth W. Taylor was selected to succeed Miss Lena, and Miss Daisy M. Walker was chosen for the school at No. 5. So the teachers in more than half our schools have changed within the year. Frequent changes are likely to occur unless we can pay better salaries. When we consider the cost of preparation and the cost of living, the salaries paid are really very small.

While in these changes we lost some good teachers we have been fortunate in obtaining good teachers to take their places, in fact I believe there are less weak places in our schools today than at any time since I have known them. The best possible work cannot be done, however, by any teacher if the attendance of the children is irregular. We have had a great deal of this irregularity in some schools. For parents to keep their children out of school, or allow them to remain out for trifling reasons, is most harmful to the school, and is doing irreparable injury to the children. The law forbids it, and good sense would not allow it. In no

way can parents coöperate with the schools more effectively than by doing their full duty in this matter.

In this connection I wish to speak of a custom that prevails to some extent of sending children to school too young apparently to go during the severe weather of the winter. The law does not require children to be in school before they are eight years old, but if they are entered before that time, they should attend regularly. There is some criticism to be made of another custom, that of admitting children for the first time in the spring term. Each year's work begins in September. Children entering school for the first time in the spring make another grade, and consequently tend to confuse the grading of the school. Something may be said, however, in favor of this custom.

The enrollment for the present year has been considerably larger than for recent years. The school at No. 1, especially, has been too large to be comfortably accommodated in the school building and too large for one teacher to care for.

The text-books in arithmetic were changed early in the present school year. The new books, the Stone and Millis series, are proving very satisfactory.

Unfortunately the winter term has been shortened on account of lack of funds. It will be unfortunate if it becomes necessary to shorten the school year. Thirty-six weeks are none too many in which to do the work arranged for each of the eight years of the elementary course.

The buildings need considerable attention. They should be made and kept as attractive as possible. There is also need of improvement in the equipment of the buildings.

Good work is being done in all the schools. The teachers are working faithfully, and generally the parents are doing what they can to coöperate with them. It is desirable, however, that the standard of our work be made still higher, that the children may go out better prepared for higher work or for life. To this end we may well give much thought and effort.

In conclusion, I wish to thank the members of the board for their coöperation in all matters pertaining to the welfare of the schools.

Respectfully submitted,
CHARLES W. CUTTS,
Superintendent.

ANNUAL REPORT OF SCHOOL BOARD.

Your school board organized with Mrs. Hattie Colburn as chairman, and Mr. Norman Watts as secretary.

At the school meeting in March it was voted to have the school year thirty-six weeks in length, but the money appropriation was sufficient for only thirty-one weeks.

Upon the advice of Mr. Morrison, state superintendent, the board decided to continue the schools three weeks, and in order to do this we have been obliged to use a portion of the money appropriated for Academy tuition.

The amount required to maintain our schools is constantly increasing, but a careful study of the reports of the last few years would show that this increase comes largely in the amount required for High school and Academy tuition. The tuition at Pinkerton Academy has been increased and is, at present, \$40 per year, and \$1.50 per week for less than full term attendance.

At the supervisory meeting the superintendent's salary was raised to \$1700, which makes Londonderry's share \$510.00

We would call attention to Mr. Cutt's report.

As required by law your school board recommend that the following amounts be raised:

Amount of money for text-books	\$150.00
Amount of money for scholars' supplies ...	150.00
Amount of money for High school and Academy tuition	2,000.00
Amount of money for flags and appurtenances	25.00
Amount of money for school officers.....	150.00

TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Londonderry, in the County of Rockingham in said State, qualified to vote in Town Affairs.

[L. S.]

You are hereby notified to meet at the Town hall, in said Londonderry, on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same for the repairs of roads and bridges, for Memorial Day, and for any other article embraced in this warrant.

3. To see what sum of money the town will vote to raise for Rockingham road.

4. To see if the town will vote to take from the road agents' districts a section of the Mammoth road, so called, and instruct the Selectmen to arrange with the State Highway Department, to maintain said section of road under the State patrol system, and appropriate, or set aside from the amount raised for highway work, the sum of \$——— for this purpose. (At rate of \$75.00 per mile.)

5. To see if the town will vote to accept in trust, the sum of \$100 from Florence Pike Kendall, the interest to be expended for perpetual care of the lot of Mary Ann Pike and Mary C. Pike, situated in Valley Cemetery.

6. To see what sum of money the town will vote to raise for the suppression of the gypsy and brown-tail moths.

7. To see what sum of money the town will vote to raise for permanent improvements.

8. To see what sum of money the town will appropriate for the fitting observance of Old Home Day at the same time providing the necessary agency for the expenditure of said sum, in case no Old Home Week Association exists.

9. To act on any other business that may legally come before this meeting and appropriate money for the same.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and sixteen.

EDDIE H. DAVENPORT,
EUGENE O. GREELEY,
CHARLES R. BAILEY,
Selectmen of Londonderry.

REPORT OF HEALTH OFFICER.

The last legislature made an important change as regards health officers of towns, doing away with the board of three, and having one person appointed by the State Board of Health and the Selectmen constitute the town board of health.

During the past year our town has been remarkably free from contagious diseases, only two cases of scarlet fever, and one of measles, having been reported. Several other diseases are required to be reported to the board of health, in addition to the old list, the most common of which is whooping cough.

The State Board of Health has requested all health officers to enforce the provisions of the law regarding vaccination which states that all children must be vaccinated before attending school. Certificates of vaccination should be returned to the health officers of the town in which the child resides.

Respectfully submitted,

WILLIAM RICHARDSON, M. D.

Health Officer.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Londonderry, qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said district, on the eighteenth day of March, 1915, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any article embraced in this warrant.
7. To see how much money the district will raise and appropriate for the support of schools.
8. To see how much money the district will vote to raise and appropriate for the repair of school buildings.
9. To transact any other business that may legally come before said meeting, and to raise and appropriate money for the same.

Given under our hands at said Londonderry, this first day March, 1916.

CORA B. GOODWIN,
NORMAN F. WATTS,
HATTIE T. COLBURN,
School Board.

A true copy of warrant. Attest:

SUPERINTENDENT'S REPORT.

To the Londonderry School Board:

I herewith submit my annual report on the condition and progress of the schools.

The schools continued from the time of the last annual report until they closed for the year in June with little change. Unfortunately it was necessary to shorten the year to 35 weeks which resulted in crowding the work somewhat. It is to be hoped that hereafter ample provision will be made to provide at least 36 weeks of school. The work outlined by the state course of study cannot well be done in eight years of less number of weeks. In fact a still longer school year must ultimately be provided.

We have been fortunate in retaining most of our teachers. Miss Walker at No. 5 was not a candidate for reelection, and Miss Cogswell at No. 2 and Miss Barrett at No. 4 resigned in the Summer. Miss Giff, a graduate of Plymouth Normal school, was secured for No. 5, Miss McGee of Gorham, Maine, Normal school for No. 2, and Mrs. Gibson, a graduate of the Nashua Training school, and a teacher of considerable experience, was placed at No. 4. Thus all the schools began the year in September with trained or experienced teachers. Miss Taylor, who had done good work for a year at No. 3, resigned the first of February to accept a position elsewhere, and Mrs. Muzzey, a teacher of experience, was put in charge. Thus the schools are all in charge of good teachers, and as a result good work is being done in every school.

I feel that I should refer once more to the matter of attendance. In general the attendance has been very good indeed. Some schools have made excellent records, and have developed a splendid spirit in the matter. In some localities, however, there are a few who seem to have an unaccountable disregard for the law and for the interest of the child. In-

stances of this have now become very rare, yet occasionally one is to be found. Nothing will more effectively interfere with good work in a school than this very thing, and nothing is more detrimental to the child than to acquire habits of irregularity. Parents who are at all interested in the welfare of their children and the good of the community will not allow their children to be out of school for trivial causes. Cooperation of the parents in this matter is particularly desired.

The school buildings have been kept in fairly good condition. But as none of our school houses are really modern school buildings, there is constant need of improvements and repairs. It would be a wise thing to put the buildings in thoroughly good repair and add such improvements from time to time as may be possible. It is gratifying to find localities where the people have become interested in the matter of improving the buildings and surroundings. The school property should be a matter of community interest.

The expenditures for books and supplies for the year have been very small. These must necessarily be greater during the next year. Especially will it be necessary to purchase more new books. The total enrollment in the town has increased somewhat, and it is likely to be still larger next year, and consequently more supplies and books will be needed for this reason.

Some of the more important of the statistics reported to the State Department for the year ending in June are given following this report. It may be interesting to compare the attendance record for the Fall term of the present year with the corresponding figures found there. They are: Total enrollment, 210; average membership, 192.3; average attendance, 180.45; percentage of attendance, 93.83. The highest percentage of attendance for any one school was 99.19, and the lowest was 86.35. The former is an excellent record while the latter is altogether too low. The total enrollment will increase quite a little during the rest of the year, while

the average attendance and percentage of attendance will be made less on account of the irregular attendance during the Winter term.

The general work of the schools is more uniformly good than during any previous time that I have been acquainted with it, and I feel that our pupils are going out better prepared generally for future work. The spirit of both teachers and pupils is good; the cooperation of parents generally is all that can be expected; hence the outlook for still better results is most encouraging.

In conclusion, I wish to thank the members of the School Board, and all others who have in any way contributed to the success of the schools, for their cooperation.

Respectfully Submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

REPORT OF SCHOOL BOARD.

Your school board was organized with Cora B. Goodwin as chairman, Norman F. Watts, secretary and Hattie T. Colburn, committee on supplies.

It will be remembered that the fiscal year opened with a debt, which, with a large elementary tuition bill from Derry, practically wiped out the amount that was voted extra at the last district meeting. As a school year of thirty-six weeks seemed impracticable, a year of thirty-five weeks was decided upon.

We feel sure that the town desires to provide just as adequately for the schools in which its children are educated as for any other of its departments, therefore, that the requirements may be fully understood, an itemized statement of the amounts necessary for a school year of thirty-six weeks is appended to this report.

Some repairs which properly should have been made this year, had to be postponed until another, consequently a larger appropriation for that purpose will be needed. It is desirable that the school buildings be kept not only weather-proof but as attractive as circumstances will allow.

Our tuition bills, both high school and elementary, are constantly increasing items of expense; a reference to the report for 1911 will show that the amount of high school and academy tuition was only \$760.21. We believe that we shall not be entitled this year to receive anything from the state for that purpose.

A growing population (in the edge of the town) near the Derry line must be provided with elementary school priv-

leges and at present this can be done most advantageously by paying tuition in Derry.

The enumeration of school children last fall was made by the teachers with very satisfactory results.

We feel that the work of the schools is constantly increasing in efficiency and that a spirit of cordial cooperation prevails throughout the school system.

Certain lines of work in the way of home and school gardens, canning clubs, warm lunches to be prepared at school, potato clubs, and corn clubs, in which some of our boys have already been successful, could well be encouraged by citizens, and provision made for schools, granges, and parent-teacher associations to cooperate in advancing.

The report of the superintendent, to which your attention is called, gives a more detailed account of the year's progress.
